

BUSH FOREVER: priority site issues for action

BF No.	BF Site Name	BF Site Actions
BF244	Beeliar Wetlands: North Lake & Bibra Lake	<ol style="list-style-type: none"> 1. Remove Roe 8 & 9 from road reserves and rezone as Parks and Recreation and have it included in the Beeliar Regional Park as A class reserve for purpose of conservation. 2. Fully fund and restore the whole Roe 8 & 9 corridor in partnership with Cockburn Community Wildlife Corridor group 3. Complete a new Corridor Park Management Plan encompassing the economic, cultural, social and environmental requirements of the wildlife park.
BF342	Anstey-Keane Damplands, (Forrestdale)	<ol style="list-style-type: none"> 1. For urgent attention: Ensure the Water Corporation's Balannup Wastewater Pressure Main <u>is not permitted</u> in this Bush Forever Area. 2. Acquire Lots 67 & 69 Skeet Road with MRIF. 3. Remove the local road reserve. 4. Transfer all Lots to <i>A Class Reserve</i> status for the purpose of nature conservation in the Jandakot Regional Park. 5. Complete initial capital works and establish a visitor/education centre and research program with MRIF. 6. Fund management of whole area by DPAW
BF119	Underwood Avenue Bushland (Shenton Park)	<p>Note: State approval to UWA for clearing and housing development lapsed July 2015. And the draft federal government decision in 2007 was that approval <u>not</u> be given. The environmental significance of the site is now much greater.</p> <ol style="list-style-type: none"> 1. Acquire the whole site using MRIF and transfer to <i>A Class Reserve</i> status for the purpose of nature conservation. 2. Complete initial capital works, weed and feral animal control with MRIF. 3. Allocate a suitable land manager (?BGPA or City of Nedlands). 4. Review and increase the odour buffer zone around the Subiaco Wastewater Treatment Plant due to the planned doubling of capacity of the Plant.
Part BF331	Alfred Cove & Adjacent Bushland (Applecross)	Stop Wave Park proposal by City of Melville on Swan River foreshore in migratory bird habitat.

BF No.	BF Site Name	BF Site Actions
BF125	Holmes Street (Southern River / Huntingdale)	<p>Note: The proposed extension of Garden Street by City of Gosnells is a 'Controlled Action' under <i>EPBC Act</i> for 8 x MNES, including a CE TEC Claypan Wetlands on SCP. EPA failed to assess.</p> <ol style="list-style-type: none"> 1. Stop the proposal to extend Garden Street in the regional road reserve shown on Bush Forever map. <u>This will also save money.</u> 2. Remove the road reserve and transfer it to the conservation estate as A Class Reserve in BF 125.
BF355	Point Peron & Adjacent Shoalwater Bay (Peron / Shoalwater Bay)	<p>Note: The proposed canal development and housing near the deep freshwater Lake Richmond threatens existence of the <u>only known thrombolite assemblage of its type</u> (critically endangered). Sea level rise and extreme weather events will increase. WAPC to decide rezoning proposal from P&R to urban.</p> <ol style="list-style-type: none"> 1. Stop Mangles Bay Marina and canal development in Pt Peron reserve. 2. Reject rezoning of Pt Peron reserve to urban. Retain as P&R and reserve status.
BF 51	White Road (Orange Grove)	Acquire Lots 29 & 30 White Rd with MRIF. Owner wishes to sell to WAPC for conservation.
Link BF218 to BF119	Linkage Shenton Park Bushland to Underwood Ave (Shenton Park)	For urgent attention: Remove all proposed buildings to fully retain the regionally significant ecological linkage in Landcorp's redevelopment of Shenton Royal Perth Hospital (RPH) site.
BF325	Coastal Strip Burns Beach to Hillarys	<p>Note: Failure of EPA to formally assess inland section. Decision on inland section of proposal rests with WAPC. Questionable marina development is being formally assessed by EPA therefore all planning and decision-making by WAPC should cease until outcome of EIA completed.</p> <ol style="list-style-type: none"> 1. At Ocean Reef, retain and restore BF325 with no incursions.
BF387	Greater Brixton Street Wetlands (Kenwick / Wattle Grove)	<ol style="list-style-type: none"> 1. Control hydrology at and in buffer zone of Alison Baird Reserve. 2. Prevent dewatering and hydrological changes in industrial development around Brixton St Wetlands – MKSEA.
BF299 & BF407	Yellagonga Regional Park & Woodvale Nature Reserve.	<ol style="list-style-type: none"> 1. Remove proposed location of pipeline from Lake Joondalup Nature Reserve and Woodvale Nature Reserve and Beenyup CCW. 2. Relocate Water Corporation's Groundwater replenishment pipeline to Joondalup Drive (well to west side of Lake Joondalup).

BF No.	BF Site Name	BF Site Actions
BF43	Cottonwood Crescent (Dianella)	<ol style="list-style-type: none"> 1. Acquire Lot 1 Gay St Dianella with MRIF and add to BF43. 2. Complete initial capital works and weed control for additions to Bush Forever 43 with MRIF. 3. Transfer Lot 1 and all former Channel 9 bushland to A Class Reserve status and vest in City of Stirling for conservation management.
BF308 & BF310	Trigg Bushland & Floreat Beach Bushland (City Beach / Scarborough)	<ol style="list-style-type: none"> 1. Stop road proposal by MRA along beach front in coastal reserves. <u>This will also save money.</u> Note: This is a Labor pre-election commitment. 2. Retain coastal reserves intact with vesting in City of Stirling.
BF309	Farrall Road Bushland (Stratton)	<p>Note: Bush Forever policy states there is a presumption against clearing on the eastern side of the Swan Coastal Plain as less than 10% remains. This policy and BF status was ignored.</p> <ol style="list-style-type: none"> 1. Restore the Farrall Rd wetland recently bulldozed contrary to advice from Blackadder Woodbridge Catchment Group.
BF386	Perth Airport and adjacent bushland	<p>Note: Perth Airport bushland is highly species rich, is in excellent condition, is highly significant fauna habitat, but has only 1.5%, 1.2% of their vegetation complexes secured for conservation, well below the 10% target. Clearing for non-aviation purposes has been highly destructive.</p> <ol style="list-style-type: none"> 1. Stop any further clearing in Perth Airport bushland and wetlands.
BF325	Ocean Reef Marina and associated development	<ol style="list-style-type: none"> 1. Retain all bushland in BFA 325. Do not allow the proposed clearing of 16.79 ha bushland. 2. Retain and enhance vegetation connectivity along coast and inland via BF 325. Restore vegetation in BF 325. <p>We note the marina proposal is highly questionable.</p>
